Brenda Brousseau Awarded 2nd Place in *Beadwork* Magazine's Annual Competition

Minneapolis, MN, March 5, 2009 – What better way to celebrate Dr. Seuss's birthday than to celebrate it with art? Brenda Brousseau has placed 2nd in *Beadwork* magazine's 6th annual international juried competition and exhibition with her creation, The House that Seuss Built.

Beadwork magazine choose the theme The Beaded Book for this years' competition. Entries were to be any beaded book-related object. Brenda took her love for Dr. Seuss books and created a beaded Dr. Seuss house with the front covers of *One Fish, Two Fish* and *The Cat In the Hat* as the interior walls. The House that Seuss Built took over 1,000 hours to complete. There were hundreds of entries for the competition and Brenda's creation is one of only 18 that will go on this traveling exhibit.

The House That Seuss Built will be exhibited at the Santa Fe Bead Expo in March 2009 and Bead Fest Philadelphia in August 2009.
